

ABOUT US

Incepted in the year **2007**, we **Penabu Modular Systems** are amongst the recognised manufacturers and suppliers of a quality assured assortment of Modular Furniture. The provided attractive and designer furniture is superbly designed and fabricated by using qualitative materials and innovative technology under the direction of our qualified professionals. The offered furniture has gained huge appreciation amongst our esteemed customers due to its striking features such as stylish design, seamless finish, termite resistance, flawless performance, dimensional accuracy and crack resistance. Furthermore, the provided collection of furniture is available in several designs, sizes and can be modified as per the precise requirements of our customers at economical prices.

We are supported by an up to date and modular infra structural that is spreads over a huge area. Each of the unit at our infrastructure is well-installed with modern machinery & equipments in order to furnish the immediate and bulk consignments of our customers. Being a quality centric enterprise, we ensure the whole range of furniture is offered to the customers as per the standards set by the industry

A photograph of a modern, minimalist workspace. In the foreground, a light-colored wooden desk holds a stack of books, a white mug, and a laptop. The background features a white brick wall and a large, empty white square frame. Centered within this frame is the text "WE MAKE QUALITY SPEAK FOR YOU" in a bold, sans-serif font. To the right, a white decorative plant is visible.
